

TOM JUNIOR

This version of TOM is developed specifically for environments with special demands on the design. To fit in perfectly in your business, TOM Junior is covered with stylish wooden boards and the height is significantly reduced.

BUILT TO FIT IN
HARMONIZES WITH
YOUR DESIGN

WOODEN BOARDS

This TOM is built into a case of wooden boards (MDF) with a beautiful smooth beech colored surface, which is resilient and easy to wipe clean on a daily basis. Beech is the standard color and other options are on demand.

EXTRA LOW HEIGHT

TOM is already a compact size unit and in this version, we have reduced the height to only 1295 mm / 4' 3"! It means that TOM Junior is 150 mm / 5.9" lower than the standard version and it provides you with excellent placement opportunities.

DIMENSIONS				UTILITIES		CAPACITY
WIDTH	DEPTH	HEIGHT*	HEIGHT TO SHUTTER	MACHINE WEIGHT	POWER	COMPACTION RATIO
620 mm / 24.4"	695 mm / 27.4"	1295 mm / 4' 3"	760 mm / 2' 6"	148 kg / 326 lbs	100-240 V, 50/60 Hz	Up to 7:1

*Adjustable feet + 19-50 mm / 0.75-2"
